- ▶ Non standard dimensions made to order

Hot Dip Galvanized Cover

Steel Covers

- ▶ Galvanized mild steel
- ▶ Various load classes available
- ▶ Double grease seal (optional, grease extra)
- ▶ Locking device (optional extra)

Assist Lift Cover

- ▶ Galvanized mild steel
- ▶ Flush fitting solid chequer plate top
- ▶ Removable brace (optional extra)
- ▶ Locking (optional extra)
- ▶ Seal (optional extra)
- ▶ Non standard dimensions made to order

Customised Steel Cover

- ▶ Galvanized mild steel
- ▶ Locking (optional extra)
- ▶ Seal (optional extra)
- ▶ Various load classes available
- ▶ Non standard dimensions made to order

Solid Top Ductile Iron Covers and Frames

Ductile Iron Covers

- ▶ Kitemarked to EN124 B125/D400
- ▶ Closed keyways
- ▶ Sealed
- ▶ Locking (on selected covers)
- ▶ Hinged & locking (on selected covers)

Dished Gully Grate

End Hinged Gully Grating

- ▶ Ductile iron gully grate and frame
- ▶ Kitemarked to EN124 C250
- ▶ Side hinged
- ▶ Locking

End Hinged Gully Grate

End Hinged Gully Grating

- ▶ Ductile iron gully grate and frame
- ▶ Kitemarked to EN124 C250
- ▶ End hinged
- ▶ Locking

End Hinged Gully Grate

End Hinged Gully Grating

- ▶ Ductile iron gully grate and frame
- ▶ Kitemarked to EN124 D400
- ▶ HA104/02 Compliant
- ▶ End hinged
- ▶ Anti-theft captive hinge
- ▶ Non-rock wedge seating

RECYFIX® GREEN Standard

Permeable Surfaces

- ▶ Loading capacity 200 tons/m²
- ▶ Turf finished surface area of 90%
- ▶ Strengthens filtrated surfaces
- ▶ Protects against erosion
- ▶ Weather resistant
- ▶ Quick and easy to install

Application areas

- ▶ Green areas open to occasional traffic
- ▶ Car parks

RECYFIX® GREEN Super

Permeable Surfaces

- ▶ Loading capacity 400 tons/m²
